WELCOME to the 29th annual Milk River Angus Sale!

We would like to thank everyone for their continued interest and support of our bull sale. We appreciate and respect our customers' hard work and endurance as each year presents different challenges. It's the faith of a better year, greener pastures, higher prices, and the love of cattle that keep us progressing in a positive direction! Thank you for your business and your friendship.

Returning consignors of the Milk River Angus Bull Sale are Ross Christofferson and family with C-Angus; Bryan Pike with Pike Cattle; and Scott, Fay, Kade, Shane & Morgan Friede with North Fork Angus. We have an impressive, uniform set of bulls that have been fed out and cared for at Hould Bull Development Center. Dr. Brock Aiton performed fertility testing, Sonja Gregory completed ultrasounding, and we are grateful for their services.

We bring high-performing, low-maintenance bulls that we are confident will cover your cows and continue performing in your programs. To our return customers, again thank you for your trust and support of our seedstock programs— we value your support. For those who are new to our sale, we welcome you and hope you'll reach out to us with questions or for additional background information on our bulls. Please visit the bulls at Hould Feedlot and we hope to see you at our pre-sale social and bull viewing on the 15th at Bear Paw Livestock in Chinook. We would like to invite you to lunch at noon and look forward to visiting and catching up. If you can't be there in person on April 16th, please plan ahead and get registered to bid with confidence online through Frontier Live.

We are certain that our bulls will love your cows!

"YOUR SOURCE FOR BULLS ON THE HI-LINE"

MILK RIVER ANGUS

29TH ANNUAL SALE

Wednesday April 16, 2025

Bear Paw Livestock • Chinook, Montana

Lunch at 11:30 • Sale at 1:00

Selling...70 Yearling Angus Bulls

Sight Unseen Purchase Guarantee

If you cannot attend the sale you have options to place your bid:

- Bid on-line through Frontier Live. (See instructions on this page)
- Leave your bid(s) with any of the fieldmen, auctioneer or consignors.

We will make every effort to purchase a bull for you that will fit your budget and needs. If you are not satisfied upon delivery you don't own the bull(s).

Health & Performance

All bulls sell with complete performance test information including scrotal measurements and ultrasound data. The bulls have been given a breeding soundness and fertility exam by Dr. Brock Aiton. Ultrasound evaluation by Sonja Gregory, AAA certified technician. All bulls have received Fusoguard (Footrot vaccine), Pyramid MLV 5, Inforce 3, 7 way with somnus booster, Safeguard wormer, pour on and have tested negative for BVD.

Genomic Enhanced EPDs

All bulls have been DNA tested for parentage. Numerous bulls have been HD50K tested to increase EPD accuracies and predictability. Look for the HD50K symbol on the pedigrees of those bulls. EPDs are current as of 3/25/2025. Updated EPDs at Angus.org

First Year Breeding Guarantee

All bulls selling for \$4,000 or more will be covered If they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. Please notify the breeder as soon as possible(no later than Sept. 1st) should an injury occur and prior to the bull being sold for salvage. An injured bull that will not heal, will be given 50% cash back of the purchase price minus the salvage value, or credit toward a replacement bull if one is available. If needed, a veterinarian may be consulted.

Retained Interest

Sellers are reserving 1/3 revenue sharing interest on all bulls. Natural use and salvage belongs to the buyer. If the seller chooses to collect semen from a bull that you have purchased, it will be done at your convenience and the seller's expense.

Terms and Conditions

All cattle sell according to the standard terms and conditions of the American Angus Association.

Delivery/Hauling Rebates

Free delivery in Montana and at cost outside of Montana. \$50 rebate on every bull you take home the day of the sale.

Sale Order

Sale order has been picked by each consignor.

Videos

Videos of the bulls can be seen on the Milk River website www.milkriverangus.com or www.frontierlivesale.com.

Paternal brother to H261; These two Ideal 6567 sons are very similar; The E687 cow is a 1400# cow; lots of volume, easy-fleshing cow with good udder and good feet. The Z346 cow is also still working in Ede's herd at 13 years old and looks outstanding. As you can see in the picture, he is moderate framed with lots of muscle. He has excellent feet and is a highly functional, easy going herd sire.

Sons sell as lots 41 - 45.

Rugged, powerful herd sire bull; moderate bws; very functional, vibrant calves. His daughters may be some of the best we have ever calved! We are thrilled with the outstanding mothering ability that these daughters are displaying. Very good marks so far! Much to our liking he sired more females than bulls this last spring.

Son sells as lot 36.

My pick of the 2020 Redland Angus Sale. His calves show tremendous vigor at birth with plenty of growth to them. Calved his daughters for 2 years now and what a treat they are. Feminine, docile, but motherly with ideal udder structure. His daughters look like they'll have a lasting impact and are proving to be very productive and fertile. His sons have been well received in the last two Milk River Sales. **Sons sell as lots 46 - 59**

Top selling bull from the 2022 Redland Angus Sale. He's a true "beef bull." Massive depth of rib, with extra length, and added bone. Despite this his calves come quite easy with average birthweights. He sires the type of cattle that will perform, and leave high volumed daughters. His first daughters in coming into production and look like the right kind. **Sons sell as lots 60 - 64**

Heifer bull; Beautiful 9 year old dam.

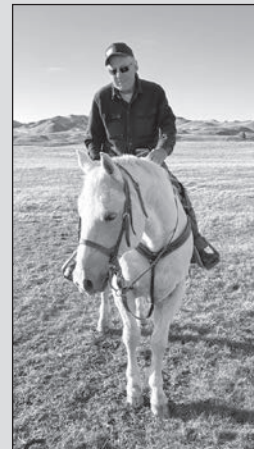

Dale from the inaugural Milk River Angus sale book

In Loving Memory of

Dale Hofeldt

Dale was one of the first consignors of the Milk River Angus Bull Sale in 1997. He truly enjoyed selecting sires to AI his cows to, always looking to the next bull sale when it came to helping out his customers. He sold bulls every year except the last two sales, and even then, he showed up on sale day and was a big supporter of the other consignors.

Dale's friendship will be missed dearly.

Deep ribbed, easy fleshing cows with ideal udder quality is what keeps inputs and labor to a minimum. These are the types of cows producing these bulls.

Dam 6 @ 100. I consider his dam (766 cow) to be the "ideal" angus cow and she raised a good one once again. She is what I strive to duplicate in a cow. She is perfect uteddered, angular, massive ribbed, with uncanny fleshing ability. The dam of the sire (158 cow) served as a donor and produced to 14 years of age. This bull will definitely move your herd in the right direction.

Dam of Lot 70

Door Prizes

Bull Buyers stick around after the sale for a chance to win some fabulous door prizes, including a bronze by the late Bridger Bronze co-owner and artist Harvey Rattey, and a rope creation by Suzie Oxarart of Ropes by Suzie.

At the end of the sale, lot numbers will be drawn and those lots drawn will be the lucky winner of these nice door prizes!

View video of all sale bulls at www.MilkRiverAngus.com or www.FrontierLiveSale.com

CALVING SUPPLEMENTS

Last trimester and calving to breed-back interval is the most critical time for cow nutrition.

Vitamin and mineral supplement support:

- ✓ *Reduced calving problems*
- ✓ *Newborn calf vigor*
- ✓ *Improved colostrum quality*
- ✓ *Overall calf health*
- ✓ *Improved breed-back*

we offer the following:

Crystalyx - molasses based lick tubs containing protein and vitamin and mineral package.

Beef Pro - available in molasses bio-barrel tubs, 33# blocks, or granular. Contains biuret for balanced protein release. 35 - 100% protein, vitamin and mineral package.

Granular mineral - Bio Range and Blueprint both over 100% organic (chelated) trace minerals for complete absorption, with no antagonistic effects
